

**Accreditation Council on Optometric Education  
Accredited Optometric Residency Programs  
November 22, 2021**

The Accreditation Council on Optometric Education has granted the following optometric residency programs one of the following classifications:

**Accredited:** A classification that indicates that the residency program generally meets the standards for accreditation and has no deficiencies or weaknesses that compromise the educational effectiveness of the total program.

**Accredited with Conditions:** Accredited with Conditions: A classification granted to a program with major deficiencies or weaknesses with reference to the standards of accreditation and indicates that that the educational effectiveness of the program is in jeopardy. *Programs designated **Accredited with Conditions** are listed in italics; currently, there are no programs that are Accredited with Conditions.*
